4.	<p><b>Matters arising</b></p> <p>Last year, had a committee discussion on procedure based on the transparency, of the appointments. And clearly that could be achieved if the procedure is supervised by the two key points: nominations committee and committee of the board. The same regulation applies to all appointment roles and positions (coaches) that are due to reappointment The Members decided: Transparency procedure of any appointments with specific policy selection criteria</p>
5.	<p><b>Chair's report</b></p> <p>Chair's report is included in the Annual Report and refers to:</p>

	<p>Volunteers who constantly amaze us by the time and the respect those people give to the wrestling association.</p> <p>We welcome the knowledge, experience and valuable help of Mark Cooper who is a recent addition to the Board.</p> <p>The new CEO who really started to make his mark and the Office Manager are improving and making more efficient the operation of the BWA. The Office Manager has been appointed with new responsibilities, so as the CEO and the Operations Manager are free to deal with key tasks as we move forward.</p> <p>Academy's operations have now a proper charging system and a consistent way to book the venue.</p> <p>OAKS Consultancy report should be utilised and properly guide us regarding business development and income generation.</p> <p>Go Membership system has had a number of teething problems but has great potential to support our membership offer and our members will be better serviced in the future.</p> <p>CEO and the Chair had a meeting with the British Squad Lead. They have considerations and responsibilities towards us, as the BWA has to them. The status, the culture is changing, and an athlete's agreement has been signed by all involved.</p>
6.	<p><b>Finance Report</b></p> <p>BWA Accounts: A set of draft accounts exist and are available, there are some pending issues which should be addressed shortly. Once the accounts are finalised, expected in the next few weeks, an email will be sent to all members for review. Accounts will be submitted to Companies House ahead of the deadline.</p> <p>Re-appointment of Auditors: the audit for 2018-2019 has been performed and the draft report will be available soon. According to our Finance Manual we are obliged to appoint new auditors every five years. The board has agreed that our current auditors can tender for the next period. Invitations to tender have been sent and two response received.</p> <p>Decisions will be made in probably the next months, after we gather all the info needed and will be based on two factors: Price and Suitability in order to make a recommendation to members.</p>
7.	<p><b>Annual Report</b></p> <p>Special thanks to:</p> <ul style="list-style-type: none"> <li>- The new CEO who managed to put together that very comprehensive report in such a short order and finally create a such fine document and</li> <li>- Everybody who helped to gather all that info.</li> </ul> <p>Copy is available on the website.</p>
8.	<p><b>Any Other Business</b></p> <p>From the North Region Representatives: (NRR Ellen Morris and Tony Melling)</p> <p>Regional Squads</p> <p>We understand that there have been significant changes within the regional squads. Northern region has not been notified of those changes. What is the procedure followed for any changes, who authorised and authorises those changes? We need to understand that this is an England matter, a National matter and not a BWA matter.</p> <p>Chair and CEO: The chair and the secretary of the region should be aware of those changes taking place. This matter should be b/f to the management groups of regional squads and NTS for review and further discussion. The North has a committee that</p>

	<p>functions, and it should had been communicated. There is a plan to review the changes made as well as the communications made for the specific reason.</p> <p>NRR: Club affiliations and Coaches          Within our region, last year according to our report, we had 12 club affiliations and we ended up having 7. Our numbers have gone up, we have more than 600 people within our region. There are still clubs that are active while they are not affiliated and there are athletes who join the competitions whilst their club is not an affiliated one. That affects both the Northern Region and the BWA.</p> <p>Chair and CEO: It is being actively pursued. We have a club development officer who now has specific tasks to perform. One of those is to make sure that the optimum member of clubs is affiliated. He provides us with a report which shows the 'status' of the clubs.</p> <p>Regarding the regional coaches and assistant coaches, who belong or not to an affiliated club, they must fill the criteria as follows: DBS – Safeguarding – UKCC Level 2. Not only should Head Coaches fulfil the criteria, but all coaches should meet these standards.</p> <p>Chair and CEO: The current aim is to ensure that we get back to previous club affiliation level. However, we agree that in the long term it is right that all coaches should meet the Head Coach criteria of qualification, safeguarding training, first aid and a DBS (or equivalent) check.</p> <p>Scotland Representative: new U23          I have been informed that there is a new U23 squad in the BWA. I have no idea what that means, who runs it, who is managing it, where they train, how it was created.</p> <p>Chair, CEO:          Will be addressed to the management team for further discussion. We all need to know what is going on. That is the reason we insist on efficient, accurate and frequent communications within the association. Eventually, proper consultation and decision-making process will take place, so to assure us that decisions are made right.</p> <p>NRR, WebSite          Some links do not work properly.</p> <p>Chair, CEO: We are aware of the problem, please be patient, the website remains a work in progress.</p> <p>Head Coach of Northern Ireland Squad joined us          Chair noted: NI recognition is still a pending issue that we desperately need to move forward with it and have a proper get together. Papers have been received from Wrestling Northern Ireland and are to be assessed and once confirmed as appropriate the BWA will look to call an EGM to ensure they are accepted as a member as soon as possible. As soon as the recognitions take place both by BWA and the SNI, we look forward to welcoming a NI Director in the Board.</p>
9.	<p>Thoughts of rescheduling the AGM as there are members of the BWA who are committed to act as coaches and officials who have a very long and tired day. We would also like to encourage others to come and see and feel how the organisation is doing.</p>

	Just before the AGM meeting closes, the Chair felt the need to bring to our attention that this is the first AGM without CN. As many of you will know, CN was facing the trials and tribulations of very significant medical intervention and, after more than ten years at the helm, he decided to leave. A very small number of people have made immeasurable contributions to wrestling over the years and CN is one of these.
