C. What this Selection Policy Covers

4.1. **Foundation (Regional and U15 National Potential squads):** the primary aim of the Foundation programmes is to identify and confirm talent. Athletes work with personal

coaches to develop the fundamentals needed for long-term wrestling success. There is a focus on personal growth.

4.2. **Development (U17 National Potential and GB Development squads):** the primary focus for Athletes in these programmes is on developing technically, tactically, physically and psychologically, in order to meet the long-term demands of international competition. Personal development is prioritized.

4.3. **Performance (GB Development, LA Potential and Senior Elite squads):** at this stage, the primary focus is on individualized bespoke support from national coaches for both the Athlete and his or her personal coach, designed to support Athletes achieve at European, World and Olympic level. This support may be provided at the BWA Academy or at the Athlete's home training club.

5. This Selection Policy sets out the selection criteria for the three Performance squads, in addition to the criteria for selection from those squads to Major Championships.

D. Eligibility

6. To be considered for selection, all Athletes must:

6.1. Be eligible to compete for Great Britain in line with the rules set by UWW and where appropriate by events organisers.

6.2. Comply with the BWA Anti-Doping Policy;

6.3. Hold a valid and current Competition Membership of the BWA; and

6.4. Not be serving a suspension or other sanction handed down by the BWA.

E. Selection Criteria

7. The BWA aims to make selection decisions by the end of October each year with athletes becoming members of the relevant talent and performance pathways from November of each year. Selection to the Senior Elite, LA Potential and GB Development squads is based on the selection points published by the BWA in April each year alongside consideration of whether the Athlete has consistently demonstrated a high level of performance behaviours expected of an elite athlete. These include, but are not limited to, commitment to individual

and GB training and competitions programmes, performance lifestyle, engagement in athlete review process and performance measurements. In lieu of the points system being in place, performance indicators will be used for 2022 only.

8. The selection points, and performance indicators, required for selection for Major Championships at Senior, U23 and U20 Level are set out on Tables 1 and 2 in Appendix I. As above, these tables will be reviewed and updated annually by the BWA.
9. Athletes will only be considered for selection if they have a satisfactory Disciplinary Record. The BWA Performance Team has the right to omit an Athlete from selection for any particular squad and/or event if it deems in its full discretion that the Athlete's Disciplinary Record to be unsatisfactory.
10. Any Athlete wishing to be selected to represent GBR must compete in the British Championships in the appropriate age and weight category. Only in exceptional circumstances will an exemption from this requirement be granted, which must have been sought in advance from British Wrestling and have received written approval from the BWA Performance Manager.
11. In the event that the Athlete is unable to compete in their British Championships event due to injury or illness, a medical certificate will be required to be submitted to the BWA no later than one week after the date of the relevant Competition, explaining why the Athlete was unable to attend the British Championships.
12. In the event that an Athlete has not been able to achieve the standard required for selection due to injury or illness, the selection panel will take this and the Athlete's previous results into consideration when making its selection decision, provided that the Athlete has submitted medical evidence of the injury and/or illness to the BWA Performance Team at least 1 week prior to the relevant selection meeting.

F. The Points System in Overview

13. Selection points will be awarded to Athletes based on their 6 best Competition results, in accordance with the tier-based scoring system set out in Tables 3 and 4 in Appendix I. Further detail as to the Competitions in respect of which points may be awarded is provided in Section G. of this Policy, below.

14. For the purposes of points allocation, the selection period will run from 1 November to 31 October each year for squad selection. The points allocation period for selection for Major Championships will be the 12 months prior to the selection meeting for the relevant Competition.
15. Points will only be allocated in tier 1-3 events provided they have been obtained by at least 1 win in that Competition.
16. Points will only be allocated to the third-placed Athletes at the Domestic Senior and Junior Competitions provided they obtain at least 2 wins in that Competition.
17. Points will only be awarded to first and second placed Athletes if the draw is made up of 3 or fewer Athletes. In these circumstances the points awarded to the first and second place finishers will be halved.
18. Athletes will benefit from a points uplift in the following circumstances:
 - 18.1. U23 Athletes competing at Senior Level will have an additional 25% added to their scores.
 - 18.2. U20 Athletes competing at Senior or U23 Level will have an additional 50% and 25% added to their scores respectively.
19. The points system operates over the designated 12-month selection period, as set out at paragraph 14 above. In the event that an Athlete has entered the same Competition on more than one occasion within that 12-period, the most recent of the Athlete's results will be considered for the purpose of calculating the Athlete's points score. At the end of each 12-month selection period, all Athletes will return to a starting score of 0.
20. In the event that an Athlete has not been able to achieve the standard required for squad selection due to injury or illness lasting six months or longer, the Selection Panel will take this and the Athlete's previous 12 months point total into consideration when making its selection decision, provided that the Athlete has submitted medical evidence of the injury and/or illness to the BWA Performance Team at least 1 week prior to the relevant selection meeting.
21. To be considered for selection, an Athlete's points must include points in respect of at least 1 Domestic Competition, with participation in either the British Senior Championships (Senior and U23 Levels) or the British Junior Championships (U20 and U17 Levels) compulsory for selection as set out at paragraph 10 above.

22. In the event an Athlete is unable to compete at the British Senior/Junior Championships due to injury or illness, British Wrestling reserves the right to consider the Athlete's results at the English Senior/Junior Championships in place of those scores. As a condition precedent to such consideration, the Athlete must provide a medical certificate in the manner set out at paragraph 11 above. Results in any other national and/or regional competitions will not, however, be considered as a potential substitute for British Championship Results for selection purposes.
23. Athletes will be responsible for providing their Competition results to the BWA. Results must be sent to the BWA Performance Manager within 14 days of the final day of the relevant Competition in order count towards an Athlete's points score.

G. Qualifying Competitions

24. The Competitions in respect of which points are available are set out in Table 4 in Appendix I. Only UWW-sanctioned Competitions included on the GB Annual Competition Plan are eligible for consideration for the selection of Senior, U23 and U20 Athletes. For U17 Athletes, performance in the Tallinn Open and Helsinki Open will be considered, in addition to performance in UWW-sanctioned events.
25. An Athlete's performance in any UWW events that are not on the GB Annual Competition Plan will only be considered under the points system if the Athlete's participation in that event has been agreed in advance by British Wrestling in line with the Entry to International Competitions Policy. Any events not agreed in accordance with that Policy will not be considered for the purposes of the points system.
26. Any UWW Competitions not on the British Wrestling Competition Plan but agreed in line with the Entry to International Competitions Policy that are not highlighted within the BWA tier system will be deemed to be Tier 3 Competitions for the purpose of the points system.

H. Commitments Following Selection

27. All selected Athletes must have an individual training plan agreed by the BWA Performance Team. Athletes who fail to agree a training plan approved by the BWA Performance Team will have their squad place and UWW License reviewed as appropriate.

28. All selected Athletes will be required to attend scheduled GB training, as included on the individual training plan referred to in paragraph 26 above. Repeated non-attendance will result in a review of the Athlete's squad place and any funding attached thereto.
29. All selected Athletes are required to follow the relevant GB Squad Competition and Camp Programme for their squad, unless deviation from the Programme has been agreed in advance with the BWA Performance Team as part of the Athlete's individual training plan.
30. Selected Athletes who do not follow their designated GB Squad Competition and Camp Programme will have their squad place and UWW License reviewed as appropriate.

 - 31.2. British Junior Championships (U20 and U17)

33. In the event an Athlete is unable to attend an event included in their GB Squad Competition and Camp Programme due to injury or illness, they must submit a medical certificate to the BWA Performance Team within one week of the date of the event.

36. All selected Athletes are required to complete and update their Athlete Profile, including by maintaining an up-to-date training log.

37. All selected Athletes are expected to behave in a manner that upholds British Wrestling's values of resilience, inclusivity, bravery, and integrity. Any behaviours in violation of these values and, once published, of the Athletes' Code of Conduct will be subject to a disciplinary procedure and potential sanctions as set out in BWA Disciplinary Policy.

I. Major Championship Selection Requirements

38. To be eligible to represent GB at a Major Championship, Athletes must not be serving a British Wrestling disciplinary sanction at the time of selection or of the Major Championship in question.

39. British Wrestling reserves the right to not select Athletes with a poor disciplinary record for participation in Major Championship events.

40. To be eligible for Major Championship selection, Athletes must attend specifically identified compulsory GBR training camps, unless they have received an authorized exemption from the selection team. Athletes who fail to attend an identified training event without an authorized exemption will be reported to the BWA disciplinary panel, which may impact future GB selection.

41. Athletes are expected to maintain a satisfactory level of training and fitness. The BWA Performance Team reserves the right to request a fitness test or to omit an Athlete from selection for any particular event if it deems that the Athlete's fitness or training record is unsatisfactory.

42. In the event that an Athlete has not been able to achieve the standard required for selection due to injury or illness, the selection panel will take this and the Athlete's previous results into consideration when making its selection decision, provided that the Athlete has submitted medical evidence of the injury and/or illness to the BWA Performance Team at least 1 week prior to the relevant selection meeting.

43. The selection panel can select athletes who have not met the point requirement at their discretion, if they are deemed to be beneficial to achieving the aim of this policy.
